

Switching. Recording. Live streaming.

The all-in-one solution for your church.

High quality live church production, **simplified.**

Make your worship services available to everyone with this all-in-one solution. Record your service while simultaneously streaming live in **HD** or **4K** to ChurchStreaming.tv, YouTube, Facebook and more.

Whether your church uses a single camera and slides or multiple video inputs, **Pearl™** has you covered. This line up of small, powerful systems generates high quality, professional results from up to six HD video inputs and audio directly from your mixing panel or embedded camera microphones.

Visit **epiphan.com/worship** to learn more.

Choose the **model** that meets your needs:

Pearl

Pearl lets you create up to four simultaneous live streamed 1080p 30 fps programs with live switching and full layout control.

Choose **Pearl** when

- you are capturing from four sources or less
- you need to capture from VGA sources
- you want a rack-mount model

PEARL²

Pearl-2 gives you everything from Pearl plus 4K video processing, 4K encoding support and up to six simultaneous 1080p programs.

Choose **Pearl-2** when

- you are capturing from up to six sources
- you have 4K HDMI or 12G SDI video
- you want 4K video output or passthrough
- you want scaling and branding across multiple channels
- you want to use XLR pro audio
- you want room for future growth

Use **Epiphan Live** to manage your live production from any computer or tablet on your network.
